

# NOTIFY QUICK

Communication between camp and parents is the backbone of our success at Stonybrook. "Notify Quick" is a service that Stonybrook participates in each summer to ensure instant contact with our camp families. This system allows us to leave a recorded message on the designated phones of your choice whenever we need to share information with you. These messages may include reminders about Visiting Day, delays due to inclement weather or any other situation that may require a call.

We would appreciate having both your home phone number and a number where you can be reached during the day.
